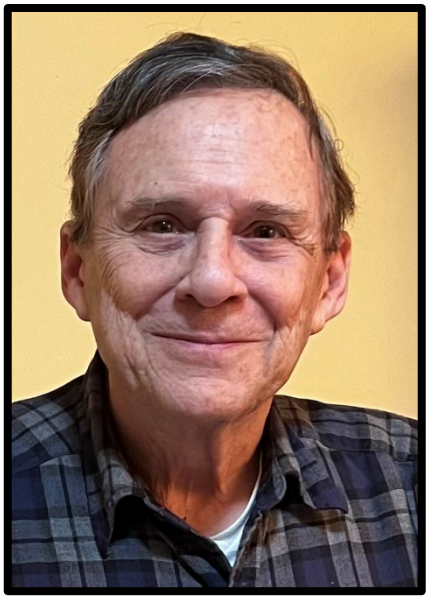
FEATURED COLLECTIONS



The Dr. Robert A. Rosenfeld Collection of World Coins

A most impressive array of world, U.S., and ancient coins, The Dr. Robert A. Rosenfeld Collection was assembled over decades by an advanced collector with a wide range of interests and an appreciation for interesting high-quality coins. His daughter Elissa has prepared the following background of the collection:

"As the daughter of Dr. Robert A. Rosenfeld, I am proud to introduce his collection. The son of a Russian immigrant, and with incredible scholastic aptitude, he graduated from high school at 16, going on after college to become an ophthalmologist. He began collecting coins as a young teen and continued to grow his unique and broad collection over the next 70 years. Fortunately, Dr. Rosenfeld had very diverse interests. He was fascinated by everything from ancient civilizations and medieval European coinage to currency and tokens of the US and Far East and even notgeld. He would learn many of the foreign alphabets to more fully appreciate each piece. As a doctor, he had a particular interest in monies from the former 'leper colonies.' In his later years he would correspond with numismatic specialists and advise on their collections.

My father's personality is reflected in the choice of his coins, whether it is an interesting provenance or history, or as some of the finest examples of a period. He was fascinated by the political backdrop surrounding each piece, whether the coin was made by a fledgling government, it reflected a country struggling with extraordinary instability and inflation, or if it was minted to protest a beard tax. These are the stories he shared with his family. Some of my favorite memories are of my father pouring his coins out of deerskin bags where he kept them and lingering over his favorite pieces. He would marvel at the little pieces of history encapsulated as coinage, as if he were transported to the time and place merely by holding each one. I am honored to share his unique collection. I hope each coin inspires a spark of joy as it did for my father."

The Almer H. Orr III Collection of World Coins

Almer H. Orr III (born 1938) was a lifetime collector of coins from all over the world. He was born and raised in Pittsburgh, PA, where he lived out his adult life until his sixties before moving to Woodinville, WA where he resided through the remainder of his retirement.

When Almer was a young boy he began to collect coins and became a passionate collector of many things. He became an avid world traveler which immensely broadened his coin collection. Since Almer was such an avid collector for so many years, his collection had grown to a truly massive scale over the years. This is the fifth part of his collection that we have offered and it contains dozens of coins from all regions of the world.

The Dr. Dirk Löer Collection of Chinese Coins

In continuation of our offerings of the Dr. Dirk Löer Collection there are numerous rarely encountered types in choice condition. The primary focus of the collection is ancient and vintage cash coins.

A main highlight of the selections in this auction is shown at left. This bronze pattern Tong Zhi 10 cash is part of a series of pattern 10 cash coins in large format cast in Beijing at the Board of Revenue mint with various provincial Manchu mint names. It is GBCA Graded 85.

We will continue to offer selections from this collection throughout 2025.

The Solar Collection of Indian Coins

This collection was consigned by an advanced collector who wishes to remain anonymous. What is offered here is only part of a broader collection of Indian Coins. Featured in this auction is an array of gold coins including pagodas and mohurs, coinage of Mysore, Colonial India, as well as some ancient coins such as a variety collection of Kuninda drachms. Shown at left is a rare Sikh Empire ¼ rupee (Amritsar VS1882) graded AU55 by PCGS.

The Roland Dauwe Collection of the Mint of Qumm

Several years ago Roland Dauwe found it very strange that so few coins were recorded as struck in Qumm, considering the importance of the town. Not only was Qumm, and still is, a sacred city for the Shi'ite Muslims, but its location on the main road from Rayy (now part of Tehran) to Isfahan was of great strategic importance. During his research it soon became clear that most Qumm coins, except for some Timurid issues, are all rare to extremely rare. Buying Qumm coins whenever possible, he was able to build up a collection of more than 300 pieces. We previously offered the first part of the collection, and in this sale we offer 60 more pieces from this impressive collection. Illustrated here is a unique silver 2 dinar of the Jalayrid ruler Shaykh Uways I.

A Superb Collection of Georgian Coins

This auction features a vast collection of Georgian coins from one of our long-time clients who prefers to remain anonymous. This is the second major part of the collection that we are offering. The primary offerings in this part are Bagratid coins including some very interesting irregularly-shaped coppers.

Shown at left is a double irregular unit of Queen Tamar (Bennet-159f).

We have listed these coins in the Caucasus category in the Islamic sections.

IMPORTANT ANNOUNCEMENT

Starting in 2025

group lots will go in a stand-alone auction the month after the premier auction.

Group lots that would have traditionally appeared in this May 2025 auction will be in our June 2025 auction.

172. **ABBASID: al-Musta'sim**, 1242-1258, AV dinar (5.77g), Madinat al-Salam, AH651, A-275, standard type for this series; pierced twice for suspension; better date, VF-XF $500 - 600

173. **ABBASID: Anonymous**, ca. 140-170, AE fals (1.46g), Malatya, ND, A-T297, legends *la ilah illa / Allah wahdahu / la sharik lahu / darb malatya // muhammad / rasul / Allah*; second known Abbasid fals of Malatya, same dies but far superior than the first example, sold in our Auction 51, lot 150, VF**, RRR** $200 - 300

Surprisingly, Malatya (ancient Melitene) was never a Roman or Byzantine mint city!

174. **ABBASID:** AE fals (1.85g), Dabil (Dvin in Armenia), AH182, A-A316, Vardanyan—, citing the governor 'Abd Allah b. Salm and Sa'id; clear mint & date; either 'Abd Allah b. Salm is the brother of Sa'id b. Salm (cited on dirhams of Armenia dated 182-183) or 'Abd Allah is an honorific name for Sa'id; unpublished and apparently unique, VF**, RRR** $150 - 200

No examples of Dabil dated AH182 are filed on CoinArchives, only 3 on Zeno (including this piece, Zeno-344632).

175. **ALGARBE: Musa b. Muhammad**, 1234-1262, AR square dirham (1.56g), NM, ND, A-4275 (ex A-I410), Vives-2123, always without mint and date, *amir al-gharb / al-musta'in bi-llah / musa bin muhammad bin / nasr, ibn mahfuz* // Maghribi formula *allah rabbuna / muhammad rasuluna / al-'abbas imamuna* ('God is our lord, Muhammad our messenger, al-'Abbas [i.e., the Abbasid caliph] is our imam'), an attractive mint state example of this popular type, NGC graded MS61 $200 - 300

The ruler is entitled amir al-gharb, "amir of the west", i.e., of the Portuguese district of Algarve. It is now presumed that the actual mint was located at Niebla (Labla in Arabic), near the city of Huelva in Spain, near the border with Portugal.

176. **MU'TAZILITES: Muhammad b. Ma'zuz**, fl. 850-851, AR dirham (2.28g), Ijerhan, AH236, A-433G, also citing Muhammad in the obverse center and an uncertain name below the obverse field (seems to be Abu Hudayn or something similar), the first known coin of Muhammad b. Ma'zuz and of great historic importance, as it proves that Ma'zuz was the name of a local official opposed to the contemporary Idrisid rulers, then Yahya I b. Muhammad (AH234-249); unique and of wonderful relevance! VF $400 - 500

The phrase "al-'adl lillah" ("justice belong to God") is associated with the philosophical Mu'tazilite branch of Sunni Islam, as demonstrated by Eustache in his catalog of Idrisid and related coins. The better known related coins cite Ma'zuz as the son of Talut, an uncommon name, but known on a few various Islamic coins, including the copper Tahirid coins of Bukhara dated AH209. The best known is Abu Talut, who was associated with the Kharijite uprising under Qatari b. al-Fuja'a, who struck reasonably common drachms in southern Iran circa AH75-78, and it was presumed that for unknown reasons Ma'zuz promoted a Kharijite connection. This coin, citing Ma'zuz's son Muhammad, whereas the dirham of the Wargha dated AH222 cites Ma'zuz without his patronymic, suggests that Talut was merely Ma'zuz's fathers name and not the Kharijite official with Qatari b. al-Fuja'a.

177. **IDRISID: Idris II**, 791-828, AR dirham (2.28g), Tajrajra Madinat Idris, AH200, A-421, uusual version of the mint name, perhaps confirming the Idrisid control of Tajrajra, which was located southwest of Fès (near the modern city of Azrou); a remarkable unpublished example of Tajrajra and presumably unique, lovely VF**, RRR** $250 - 350

Published examples of Tajrajra dirhams ranged AH182-184 and 221-233.

178. **AGHLABID: Ibrahim I**, 800-811, AR dirham (2.63g), Ifriqiya, AH196, A-435.4, citing Isma'il in obverse center, decent strike, unpublished prior to our offering of a similar example in our Auction 13 (lot 585) and only the second example known to us, thus an extreme rarity, F-VF**, RRR** $400 - 500

179. **AGHLABID: 'Abd Allah I**, 811-816, AR dirham (2.73g), Ifriqiya, AH198, A-B438, some light porosity, very clear mint & date, About VF**, RRR** $175 - 225

180. **AGHLABID: 'Abd Allah I**, 811-816, AR dirham (2.32g), Ifriqiya, AH201, A-B438, with annulet in obverse center, some porosity on obverse, clear mint & date, VF**, RRR** $175 - 225

181. **AGHLABID: Ziyadat Allah I**, 816-837, AR dirham (2.80g), Ifriqiya, AH203, A-439.1, nice strike, some very light porosity on reverse, citing Musa in the obverse center, VF**, RR** $150 - 200

The Aghlabid dynasty was centered in Ifriqiya (roughly present-day Tunisia) from 800 to 909 AD that conquered parts of Sicily, Southern Italy, and possibly Sardinia, nominally as vassals of the Abbasid Caliphate. They ruled until 909 when they were conquered by the new power of the Fatimid Caliphate.

182. **KUTAMA TRIBE: Muhammad b. Sulayman**, ca. 910s-930s, AR dirham (1.37g), DM, ND, A-T453, inscribed just *muhammad bin sulayman* in the obverse field, the Fatimid Imam al-Mahdi in the reverse field; start of the mint formula in the obverse margin, but the mint name off flan, VF**, RRRR** $200 - 300

"The Kutama played a pivotal role in establishing the Fatimid Caliphate (9091171), forming the bulk of the Fatimid army which eventually overthrew the Aghlabids who controlled Ifriqiya, and which then went on to conquer Egypt, Sudan, Hijaz and the southern Levant in 969975. The Kutama remained one of the mainstays of the Fatimid army until well into the 11th century". (from Wikipedia).

183. **MIDRARID: al-Shakir**, 933-958, AR dirham (1.11g), NM, ND, A-454C, obverse legend *al-imam / muhammad / al-shakir billah / amir al-mu'minin* without the *alif* in *shakir*; reverse legend *la ilah illa / Allah wahduhu* with the last two lines uncertain; unpublished and apparently the first known silver coin of the Midrarids, VF**, RRRR** $150 - 250

Likely struck by a local Moroccan or West Algerian tribe, not at Sijilmasa, the sole mint for al-Shakir's gold coinage.

184. **KHAZRUNID: Mas'ud b. Wanudin**, 1048-1053, AR qirat (0.91g), NM, ND, A-457, obverse legend *al-amir / …. / mas'ud*, kalima reverse arranged in a four-arm design; somewhat similar to the only other known example with this unusual reverse, sold in our Auction 50, lot 189, nearly VF**, RRR** $150 - 200

185. **BANU IFRAN: 'Abd al-Kamil Tamim**, 1015-1054, AR dirham (1.36g), NM, ND, A-457R, Sunni kalima in two lines, with the name Tamîm below // *al-imam 'abd Allah / amir al-mu'minin*, two stars below; VF**, RRR** $200 - 300

This is the second known example of 'Abd al-Kamil Tamim (the first is a very different type, A-457Q, sold in our Auction 49, lot 235), with a reference to the theoretical imam 'Abd Allah created by some of the Taifa dynasties in Spain after the end of the Umayyads of Spain in AH422 (1031 AD). Formally offered as Lot 228 in our Auction 48, listed as Almoravid, but now corrected, thanks to subsequent research by the consignor.

186. **ALMORAVID: Abu Bakr**, 1056-1087, AV dinar (4.16g), Sijilmasa, AH474, A-461.2, H-45, bold strike, XF $500 - 700

187. **ALMORAVID: Abu Bakr**, 1056-1087, AR qirat (0.98g), NM, ND, A-462, legends *al-amir / abu bakr* // Sunni kalima; very rare variety without the patronymic formula *bin 'umar*; bold XF**, RRR** $150 - 200

190. **ALMORAVID: ‘Ali**, 1106-1142, AV dinar (4.18g), Fès, AH535, A-466.3, H-376, with heir Tashufin, mint without the prefix *madinat,* amazing delicate calligraphy, used only at Fès AH535-537; slightly noticeable mount removal, bold strike, XF $450 - 550

191. **ALMORAVID: Tashufin b. ‘Ali**, 1142-1145, AV dinar (4.20g), Aghmat, AH538, A-471.1, H-405, bold mint & date on the obverse, reverse double-struck, VF-XF**, RR** $500 - 600

192. **ALMOHAD: Abu Ya’qub Yusuf I**, 1163-1184, AV dinar (4.49g), NM, ND, A-A483, correct legends for Yusuf I, but much cruder than normal issues in his name, probably a later imitation, possibly as late as the time of Abu Hafs ‘Umar (1248-1266), crinkled surfaces and pierced twice for suspension, VF $400 - 500

193. **HAFSID: Abu ‘Abd Allah Muhammad II**, 1295-1309, AR 1/2 qirat (0.49g), ND, A-—, H-—, obverse legend *al-muntasir / billah*, blank reverse; The title al-Muntasir applied to several Hafsid rules, but only to Muhammad II in the early period where the half qirat could have been issued; tentative attribution, though it seems logical; unpublished and probably unique, VF**, RRR** $150 - 200

194. **HAFSID: Abu Ishaq Ibrahim II**, 1350-1369, AV dinar (4.68g), Tunis, A-509A, rare variety with ornate late Kufic calligraphy on both sides; pierced, F-VF**, RR** $400 - 500

196. **SA’DIAN SHARIFS: Abu’l-’Abbas Ahmad**, 1578-1603, AV 1/2 dinar (2.16g), MM, DM, A-566.1, struck under Ahmad’s second weight standard (in use AH992-999); wavy surfaces, crude F-VF**, RR** $200 - 250

197. **DILA’ITE: temp. Muhammad al-Hajj**, 1641-1662, AE square fals (4.03g), Fès, AH1068, A-581A, legends *duriba bi-fas // sanat 1068*, the first reported coin of Fès struck during the Interregnum period between the Sa’dian and ‘Alawi dynasties (roughly 1654-1664), and the only coin struck during this period at Fès, which was in Dila’ite hands roughly 1641-1663; unpublished and probably unique, VF**, RRR** $150 - 200

The only other mint name on a few of the Interregnum coins is Marrakesh, which was under Chebanat rule and never occupied by the Dila’ites.

198. **‘ALAWI SHARIF: Isma’il al-Samin**, 1672-1727, AV dinar bunduqi (3.52g), Fès, DM, A-583, VF $325 - 400

210. **FATIMID: al-Qa'im**, 934-946, AR light dirham (1.03g), [Sijilmasa], AH(3)27, A-693F, Nicol— (type B1), this appears to be the first known silver coin of al-Qa'im tentatively assigned to Sijilmasa, as there is no mint name between *al-dirham* and *sana*, whereas his normal silver would have the mint al-Mahdiya, the only reported mint for this type, between those two words; some weakness on both sides; probably unique, VF**, RRR** $200 - 250

Cf. Nicol-199 for a similar example with date off flan, weight 1.10g.

211. **FATIMID: al-Mu'izz**, 953-975, AV dinar (4.19g), al-Mansuriya, AH360, A-697, Nicol-418, excellent strike, XF $400 - 450

213. **FATIMID: al-Mu'izz**, 953-975, AV dinar (4.03g), Misr, AH363, A-697, evenly worn, Fine $350 - 450

214. **FATIMID: al-Mu'izz**, 953-975, AV dinar (3.21g), A-697S-var, North African imitation, likely issued by one of the many Berber tribes in the region of Morocco & Algeria, traces of marginal legends; royal legend *ma'add / al-imam abu / tamim (?) amir / al-mu'minin,* reverse citing *'ali* without the rest of the phrase *wali Allah*, crude XF**, RRR** $350 - 500

Found together with a group of type A-703 from the mint of Sabta (Ceuta) dated AH384 (Nicol-563), but with totally different legends and arrangement.

215. **FATIMID: al-Mu'izz**, 953-975, AR 1/4 dirham (0.66g), NM, AH357, A-700-var, Nicol—, obverse legend *ma'add / al-imam / amir al-mu'minin,* thus without his title *al-Mu'izz*, reverse legend the kalima without the Shi'ite phrase *'ali wali Allah,* thus likely struck by a Sunni tribe in Morocco or Algeria that supported the Fatimids; unpublished and probably unique, strong VF**, RRR** $200 - 250

Last digit of the date somewhat weak but likely "7" rather than "9".

216. **FATIMID: al-Mu'izz**, 953-975, AR 1/4 dirham (0.75g), NM, ND, A-700-var, Nicol—, obverse legend *al-imam / abu tamim amir / al-mu'minin,* thus without his title *al-Mu'izz*, with a star above & below, reverse legend the kalima without the Shi'ite phrase *'ali wali Allah* with palm symbol above, thus likely struck by a Sunni tribe in Morocco or Algeria; unpublished and probably unique, VF-XF**, RRR** $200 - 250

Apparently the 4th known, after one uncertain piece noted by Nicol and 2 more on CoinArchives including one sold in our Auction 49, lot 300.

223. **FATIMID: al-Hakim**, 996-1021, AV dinar (4.18g), Misr, AH403, A-709.3, Nicol-1091, bull legends on both sides, crimped, VF $400 - 450

224. **FATIMID: al-Hakim**, 996-1021, AV dinar (4.27g), Misr, AH404, A-709.3, Nicol-1092, lightly crimped, VF $400 - 500

This piece was in our Auction 49, lot 302, with the date correctly read as for Nicol-2221, but entered accidently as AH439 (typo!).

238. **FATIMID: al-Mustansir**, 1036-1094, AV dinar (3.45g), Sur, AH438, A-719.1, obverse double-struck, mostly in the margin; lovely reverse, VF $300 - 400

Nicol suggested the date was (4)33 but this piece shows (4)63 very clearly; it is the only example of this type from Sur that bear the phrase "'adl" in both the obverse and reverse centers!

243. **FATIMID: al-Mustansir**, 1036-1094, BI dirham aswad (1.47g), NM/MM, ND, A-723, Nicol-2306/07 (type Y2), with the remarkable phrase *'ala afdal al-wasiyin* above the name al-Mustansir in the obverse field, mint unknown but likely struck only at Halab, crude Fine**, RRR** $150 - 250

Billon dirhams struck at Halab AH452-454 are purely Fatimid, though the nominal ruler would have still been the Mirdasid Thamâl (d. 454). The style of this copper is identical to the fals of his successor 'Atiya b. Salih (AH454-457), type A-B769. It was thus likely struck either during the last months of Thamâl or the first few months of 'Atiya.

The overall style suggests North African, and the style could be from that region and seems to be derived from some of the local currency sometimes in the name of a Fatimid Imam, but this is very tentative. The weight corresponds to 1/6 normal dinar of 4.25g.

248. **HAMDANID: Abu'l-Ma'âli and Abu'l-Hasan abnâ Sa'id al-Dawla**, 1002-1008/09, BI dirham (3.89g), MM, DM, A-752H, cf. 252. **SELJUQ OF SYRIA: Sultan Shah**, 1114-1117, BI dirham (0.92g), NM, ND, A-778, legends *sultanshah atâbak muhyi al-din // al-sultan al-mu'azzam ghiyath al-dunya wa'l-din*, the reverse referring to the Great Seljuq Mhammad (1099-1118); fantastic quality for this series; unpublished subtype and likely unique, VF-XF**, RRR** $150 - 250

477. **GREAT MONGOLS: Anonymous**, ca. 1240s-1270s, AE jital of 2 gani (3.84g), NM, ND, A-3779T, cf. Zeno-309728 for long discussion., legends *be-qovvat-e padshah-i jahân // jital dû gâneh,* (two gani), one of very few coins that actually call itself jital! nearly XF**, RRR** $150 - 200

The word below "jital" was formerly suggested to be mint name "tukana" (just "tukan" on Qarlughid type A-1818T), but type Tye-358 and lot XXX in this auction, confirms the interpretation of "tukana" as "do gani", a denomination, not a mint name! The type was very likely also struck at Kurraman.

484. **CHAGHATAYID KHANS: Anonymous**, ca. 1330s-1340s, AE fals (2.78g), Andigan, ND, A-2012, cf. Zeno-170515 & 338072, with the tamgha of Duwa Khan (used posthumously) in the obverse center, mint name below // 3-line Uighur legend *qutlugh bolsun*, about 35% flat strike, Fine**, RRR** $100 - 200

Shahs of Iran

522. **SAFAVID: Isma'il I**, 1501-1524, AR shahi (9.46g), Badakhshan, AH918, A-2576, weak date, but confirmed by obverse die-link to lot 558 sold in our Auction 48; minimal weakness, VF**, RRR** $150 - 200

Badakhshan was seized by Nasir Mirza, brother of Babur, in AH910, lost after a year or two, recaptured for Babur in 913, and assigned to his cousin Sultan Uwais, who ruled at Badakhshan 913-927, after which Badakhshan was assigned to Humayun, the future Mughal sultan. This does not explain the Safavid coins of Badakhshan dated 918, though it seems likely that Uwais might have recognized the Safavids for assistance that apparently never materialized. Babur did not strike coins again at Badakhshan until 929 (the alleged 921 type has a very unclear date, Rahman type #2).

523. **SAFAVID: Isma'il I**, 1501-1524, AR 1/2 shahi (4.60g), Turshiz, ND, A-2577, extremely rare mint in Quhistan district of Khorasan, stylistically almost identical to the nearly Quhistan mint of Turbat but much rarer, none on CoinArchives or Zeno; about 10% flat, but actually an above-average strike, XF**, RRR** $150 - 200

527. **SAFAVID: Tahmasp I**, 1524-1576, AV heavy ashrafi (3.88g), Tabriz, AH938, A-A2593, lovely strike, date numerals scattered in the obverse center, choice VF**, R**, *ex. Richard Accola collection* $375 - 450

The raised "bar" on the reverse is the result of a large break in the reverse die.

528. **SAFAVID: Tahmasp I**, 1524-1576, AV 1/2 mithqal, Ja'farabad, AH976, A-N2593, ANACS graded XF45 $240 - 300

Published by J. Brockmeier in ONS Newsletter #194 (2008), pp. 34-36. It is well known that the French struck Arcot rupees at Pondichery and that their issues are characterized by a crescent by the date. More recently it was noticed that the particular form of the word julus found on Pondichery rupees is also present on other Arcot rupees (Jan Lingen, 'Rupees with the Mint name Arkat,' Seaby Coin & Medal Bulletin, January 1980). Taking this a step further, Brockmeier researched the history of the country mint Alamparai (Alamparve) just north of Pondichery. Ananda Rangam Pillai, a merchant based in Pondichery at the time, mentions that when the French began striking Rupees at Pondichery in 1736, the new coin dies were sent from Alamparai with the charter. He also records that the French governor was instructed to run the mint the same way as at Alamparai by the chief Dubash and representative of the Arcot Nawab, who allocated a die cutter from Alamparai to the new mint. From this account Brockmeier concluded that early rupees struck at Pondichery would share the same legend peculiarities with contemporaneous issues of Alamparai.

On November 27, 1847 Leopold inherited the Duchy of Anhalt-Köthen from his distant cousin Duke Henry. As a result of a treaty concluded with Anhalt-Bernburg in May 1853 his duchies were joined together and named Anhalt-Dessau-Köthen, because the eventual inheritance of Leopold over all the Anhalt duchies seemed inevitable. The death of distant cousin Duke Alexander Karl on August 19, 1863 resulted in the ruling line of the duchy of Anhalt-Bernburg becoming extinct; thus Leopold inherited that duchy. On August 30 he assumed the title "Duke of Anhalt."

This Dutch-made medal draws attention to the two military setbacks of the British Empire in 1782. Spain, in alliance with France, blockaded Gibraltar during the Great Siege of Gibraltar, which took place during the American Revolutionary War; they combined forces to blockade the British-held territory by both land and sea. HMS Royal George sank on August 29, 1782 while anchored at Spithead off Portsmouth. 1139. **UNITED STATES: Rhode Island**, AE token, 1779, KM-Tn28a, Betts-563, Rhode Island Ship Token, wreath below variety, boldly struck with chocolate-brown fields, PCGS graded AU53 $1,500 - 2,000

The origin and significance of the Rhode Island Ship Token, dated 1779, have long been debated. The obverse shows the flagship of British Admiral Lord Richard Howe at anchor while the reverse depicts the retreat of American forces from Rhode Island in 1778. It is now thought the idea for this token was conceived during the second half of 1779, sometime after Spain joined France in declaring war on Britain. Its purpose was propaganda - to keep the Netherlands from getting involved in the war in support of the American revolutionaries. The token was minted in England for distribution throughout the Netherlands, most probably, during the second half of 1780.

He Shun Gongsi was established in 1776 when 14 smaller mining societies (gongsi) united into one federation. Its success brought it into conflict with the Dutch, who waged two wars against it in 1822-24 and 1850-54, culminating in its surrender and dissolution in July 1854. Subsequently, most coins issued by the gongsi were melted down, including the large cash.

From then on they would rely on Spanish silver and the copper coins struck locally and at the Soho Mint in England. Fort Marlborough was the main fort in the Bencoolen Presidency and was a British possession in Sumatra based in the area of what is now Bengkulu City. These pieces were also called the Tanuma Go Momme Gin. Tanuma was Chief of the Palace Bureau and he authorized the production of this issue. He proclaimed that silver ornaments for personal use were a luxury and they should be confiscated for the purpose of making silver coin. The 5 momme silver was first issued in September 1765 at a rate of 12 pieces being the equivalent of 60 momme of silver. The Gomonme-gin silver coin carried the fixed denomination of “5 monme”, and money changers, who had been earning profits from fluctuations of exchange rates in the market, strongly objected to the use of these coins, as the ratio was lower than the market price. As a result, the coin was not welcomed and mostly stayed on the counters of the money exchanges.

The "Bai Jin San Pin" (White metal three kinds), according to the Records of the Grand Historian, was introduced in 119 BC during the reign of Emperor Wu as both the Han-Xiongnu War and the territorial expansion of the Han Empire caused the imperial government to desperately increase their revenues. Among the reasons why the government started issuing this new type of currency was to remedy the inflation caused by the excessive issuance of bad money, but the Bai Jin San Pin would prove to be an insufficient solution. The Records of the Grand Historian claim that the new "Bai Jin" (white metal) money was a mixture of silver and tin. The term San Pin refers to the fact that it was a series of three coins with different denominations: Dragon 3000 cash coins, Horse 500 cash coins and Tortoise 300 cash coins.

Beiting Big Iron Money (Bei tíng dà tie qián), also known as "Xiliao Big Iron Money", is named because it is mainly unearthed near the site of the former city of Beiting in Jimusar County, Xinjiang, China. The script on this coin is possibly Tocharian. During the 6th to 9th centuries this script (derived from the Indo-European Brahmi alphabet) was in use at sites as Kucha, Turfan, and Karashar (Xinjiang). It is also possible that the script is Kidan (Qidan). More research on this rare type is needed which is tentatively assigned to the Western Liao.

The ancient city of Beiting was the headquarters of the Beiting Protectorate during the 8th century. It was later known as Beshbalik (Beshbaliq) and became one of the capitals of the Uyghur Khaganate and then the Kingdom of Qocho (Kara-Khoja), the later which became a Western Liao vassal state in 1128 during the reign of Bilge Tekin.

Eduard Kann wrote his book he states that these were possibly struck at the United States Mint in Philadelphia. This was based on the fact that the patterns often show up in the USA, as well as a collection Kann viewed when witting his book. The owner of that collection was of the view that these were struck in Philadelphia. Basically the Philadelphia mint theory is just conjecture and not based on any solid fact. It is also possible that they were struck in Canton, Kwangtung Province. The Canton mint at this time was one of the largest mints in the world (previously set up by the British). Kwangtung is also very closely located to Kwangsi and seems most logical.

1951. **KHWARIZMSHAH: Muhammad**, 1200-1220, AE broad qadiri dirham (6.44g), Samarqand, AH615//615, A-1722, excellent example, almost fully legible, VF**, R** $100 - 150

1952. **KHWARIZMSHAH: Muhammad**, 1200-1220, AE "dirham" (1.75g), Balkh, DM, A-1723-var, mint name above the obverse field; unusual type, very different from the normal issues of this ruler from Balkh, thus likely a local issue, presumably struck elsewhere, VF-XF**, RR** $80 - 120

Reverse inscription includes the word "dirham" (as on a few later Artuqid copper coins), evidence that these lovely copper coins were intended to replace the silver dirham.

1956. **ARTUQIDS OF MARDIN: Ghazi II**, 1294-1312, AE fals (2.08g), Mardin (partly legible), ND, A-1838.2, cf. Zeno-44151, standard trilingual obverse of Ghazan Mahmud the Ilkhan (as type #2173) // *al-mansur najm (al-din al-ghazi)* below the kalima, mint name at the right (clear on Zeno-44151), VF**, RR** $100 - 150

1964. **GREAT MONGOLS: temp. Chingiz Khan**, 1206-1227, AE medium qa'ani dirham (3.24g), Balkh, AH(6)2x, A-1968A-var, legends *qa'an / al-'adil / sikka balkh // al-mulku lillah / al-wahid / al-qahhar*, F-VF**, RRR** $100 - 150

Zeno-38496 shows that the final digit of the date is "4", and this one clearly has "20", so this type was almost certainly always dated 624, the year of Chingiz Khan's death.

1965. **GREAT MONGOLS: Güyük**, 1246-1249, AE jital (1.62g), NM, ND, A-1976, Zeno-175992 (this piece), anonymous, Allah with Güyük's Khoolboo Ongi tamgha in the center // al urdu / al-a'zam / al-'adil, assigned to the Qaraqorum mint in western Mongolia, much rarer than the silver version, VF**, RRR**, *ex Jim Farr Collection* $100 - 130

1969. **GREAT MONGOLS: Anonymous**, ca. 1230-1250s, AE nisf panja ("half fifth") (1.74g), Multan, ND, A-3789M, Tye-361. Goron-SS17, Zeno-206637, *nisf panja within* circle // *darb multan* within square; tentative attribution, VF**, RR** $80 - 120

Goron assigned this type to the Qarlughids, but from what we know today, that seems very unlikely.

1972. **CHAGHATAYID KHANS: Buyan Quli Khan**, 1348-1359, AR dirham (7.26g), Bukhara, AH(75)5, A-2007, Fine $70 - 100

Bidding in this Auction constitutes acceptance by you (the "Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction consigned by the consignor or by other consignors pursuant to their consignment agreement. The Auctioneer reserves the right to include in any auction sale its own material. Bidder acknowledges and agrees that the Auctioneer may not be required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting there from is expressly waived by all participants in the Auction. Lots may carry a Reserve. A Reserve is a confidential price or bid below which the Auctioneer will not sell an item or will re-purchase on behalf of the Consignor or for Stephen Album Rare Coins Inc. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Grading of rare coins is subjective and may differ among independent grading services and among numismatists, even though grading has a material effect on the value of the coins. Stephen Album Rare Coins Inc. is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stephen Album Rare Coins Inc. and lot descriptions are based solely upon an examination of the coins and are intended to note any perceived characteristics. 3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or their agent, a Bidder by mail, telephone, internet or fax, or any other participant in the Auction. Bids must be for an entire lot and each lot constitutes a separate sale. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in his or her sole and absolute discretion to accept or decline any bid, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder and Telephone Bidder must bid higher than the highest mail bid or pre-sale internet bid to be awarded any lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces it.

Absentee bids may be placed by fax, mail, email, or by telephone. Online bidding is also available on www.iCollector.com. Follow the link on our website, www.stevealbum.com in order to bid online. Your bids will be treated as a maximum bid. The winning bid will be one increment above the next highest bidder, or at the starting bid.

Stephen Album Rare Coins Inc. is not responsible for any errors in bidding. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stephen Album Rare Coins Inc. reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction.

4. Buyer's Premiums and Payments. A Buyer's Premium of twenty percent (20.0%) will be added to the hammer price for each lot to all successful bids. Accepted payments are by Visa, MasterCard, American Express, PayPal, cash, cashier's check, money order, approved personal check or bank wire transfer. If the purchaser pays by credit card (including credit-debit cards) or by PayPal, an additional service fee of four percent (4.0%) will be added. This service fee will apply to the hammer price, buyer's premium, shipping, and sales tax. A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction (the "Default Date"), without exception, time being of the essence, unless otherwise agreed in writing prior to the Auction. Any bidder who does not pay within the standard deadline of fourteen (14) calendar days, regardless of any approval of alternative payment arrangements, may be considered a negligent payer and may be subject to increased scrutiny and additional requirements in order to participate in future auctions. If a credit card is provided before the sale, Stephen Album Rare Coins reserves the right to charge your credit card for the total of your auction purchases if payment has not been received within the fourteen (14) calendar days deadline. All auction sales are payable strictly in immediately available good U.S. funds, through a bank in the United States. Personal checks must clear our bank before lots are delivered. Bounced or returned checks are subject to a $35 fee.

Payments by PayPal are restricted to a maximum of $5,000 per client. Payments by credit card are restricted to a maximum of $10,000 per invoice. If a credit card has been used to pay for one invoice from the auction, it may not be used to pay for another invoice in the auction, regardless of the total amount of either invoice. We reserve the right to modify these payment limits, and we reserve the right to refuse payment by credit card or PayPal at our discretion, in which case a bank wire, check, or cash equivalent will be required.

Please contact Stephen Album Rare Coins Inc. for wiring instructions. Please inform us after bank wire has been sent. Please be advised that payments coming by wire transfer usually only take a few days to arrive, but in rare cases they can take up to a few weeks to arrive due to US government regulating, resulting in a delay of shipment of your lots. Lots will not be shipped until your full payment has arrived in our bank account. There is a $15 fee for all bank wire transfers.

Stephen Album Rare Coins Inc. reserves the right not to release lots for which funds have not yet been received in full. On any past due accounts, Stephen Album Rare Coins Inc. reserves the right, without notice, to extend credit and impose carrying charges of 1% per month. Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stephen Album Rare Coins Inc. Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stephen Album Rare Coins Inc. reserves the right to require a written guarantee of such payments and obligations.

Lots are not available for pickup during the auction. Lots may be available for on-site pickup on the Monday following the sale if a formal request for pickup is provided by the Buyer before the auction, during the auction, or within 1 hour of the close of the final lot on the final day of the auction. We reserve the right to refuse this request for pickup, at our discretion. For on-site pickup, we will only accept cash or a bank transfer. If paying by bank transfer, the funds must reach our account before we will allow you to collect your lots.

5. Credit. Bidders who have not established credit with Stephen Album Rare Coins Inc. must furnish satisfactory credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction session(s) or such other amount as Stephen Album Rare Coins Inc. may, in its sole and absolute discretion, require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds.

6. Shipping and Insurance. It is the Buyer's responsibility to contact Stephen Album Rare Coins Inc. after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stephen Album Rare Coins Inc. may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. All state taxes, postage, shipping, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stephen Album Rare Coins Inc. no later than thirty (30) days after payment. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim.

Delivery outside the USA will be by USPS registered mail, express mail or by FedEx and will include insurance on all shipments up to $50,000. Buyers will be billed additional insurance charges on a shipment or combined shipments valued at above $50,000. Any claims of loss or damage will only be paid by Stephen Album Rare Coins Inc. only after the insurers' investigation is complete. If the Buyer opts for another form of shipment other than the above, items will be shipped at their risk and they will assume all risk due to theft, damage or loss. A Buyer opt out of the Stephen Album Rare Coins Inc. standard shipping listed above must be in received in writing before shipment will be made.

Stephen Album Rare Coins Inc. cannot accept any responsibility whatsoever for customs duties charged by the country of destination or seizure of items by customs, domestic or foreign.

Buyers will be charged all applicable sales tax, including Buyers who pick up at this Auction or shipments to Buyers in California without a valid Resale Certificate which has been provided to the Auctioneer. Please note that the purchase of any coin or bullion lot(s) with a price, including the Buyer's Premium, in excess of Two Thousand Dollars ($2,000) are exempt from California sales tax. On any tax not paid by Buyer that should have been paid, even if not collected by Stephen Album Rare Coins Inc. by mistake, error, negligence or gross negligence, Buyer remains liable for and agrees to promptly pay the same on demand together with any interest or penalty that may be assessed.

7. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stephen Album Rare Coins Inc. reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity, to: (a) rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, or (b) resell a portion or all of the lots held by Stephen Album Rare Coins Inc., in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stephen Album Rare Coins Inc. to satisfy the indebtedness, plus all accrued charges, and Stephen Album Rare Coins Inc. may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stephen Album Rare Coins Inc. If the Auctioneer resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloguing and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stephen Album Rare Coins Inc. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stephen Album Rare Coins Inc., including without limitation, commissions, handling charges, carrying charges, the expenses of both sales, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stephen Album Rare Coins Inc. for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stephen Album Rare Coins Inc., or assignees, the right to offset any sums due, or fund to be due to Stephen Album Rare Coins Inc., and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of the Auctioneer or from any sums due to Buyer by Stephen Album Rare Coins Inc., its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stephen Album Rare Coins Inc., or its assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stephen Album Rare Coins Inc., its affiliates or assignees, to secure all indebtedness due to Stephen Album Rare Coins Inc., plus all accrued expenses, carrying charges, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stephen Album Rare Coins Inc. the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stephen Album Rare Coins Inc. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one percent (1%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stephen Album Rare Coins Inc. or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction. Stephen Album Rare Coins Inc. reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stephen Album Rare Coins Inc. shall have all the rights of a secured party under the California Uniform Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

8. Disclaimer and Warranties.

b) For non-certified coins that have not been examined by the Buyer prior to the Auction: if it is determined in a review by the Auctioneer that there is a material error in the catalog description of a non-certified coin, such lot may be returned, provided written notice is received by the Auctioneer no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stephen Album Rare Coins Inc., in their original, containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence.

c) If an item or items are returned pursuant to the terms herein, they must be housed in their original container. d) Group lots are SOLD AS IS. We will not accept returns on group lots. Please examine group lots carefully before bidding.

e) Grading or condition of rare coins may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of the Auctioneer. Any variation or alteration shall be effective only if in writing and signed by an officer of Stephen Album Rare Coins Inc. authorized to do so.

g) Bidders shall have no recourse against the Consignor for any reason whatsoever.

h) Bidder acknowledges that the coin market is speculative, unregulated and volatile, and that coin prices may rise or fall over

time. Stephen Album Rare Coins Inc. does not guarantee that any customer will be able to sell for a profit in the future.

i) Bidder acknowledges and agrees that neither Stephen Album Rare Coins Inc., nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be unimpaired, uninterrupted or error free and accordingly shall not be held liable for such events.

9. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stephen Album Rare Coins Inc., and its respective affiliates, parents, shareholders, agents, subsidiaries, employees, members of their respective boards of directors, and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:
"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

10. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stephen Album Rare Coins Inc. reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stephen Album Rare Coins Inc. reserves the right to cancel or postpone the Auction or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stephen Album Rare Coins Inc. nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction are personal and apply only to the Bidder who initially purchases the lot(s) from Stephen Album Rare Coins Inc.. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions.

11. General Terms. These Terms and Conditions of Auction and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction. Any dispute arising out of or related to these Terms of Sale, the Auction or any lot, with the sole exception of actions by Stephen Album Rare Coins Inc. to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the rules of the International Association of Professional Numismatists (I.A.P.N.). Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Sonoma County, California; and any court proceeding shall be in the Sonoma County Superior Court, in the State of California. Bidder agrees that any arbitration or legal action with respect to this Auction is barred unless commenced within one (1) year of the date of this Auction. These Terms of Sale and the information on our website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stephen Album Rare Coins Inc. may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

12. Special Services. If you wish to limit your total expenditures, please fill in the maximum amount you wish to spend on your bid sheet. This is a personal service and a Stephen Album Rare Coins Inc. representative will personally attend to your bid sheet by bidding from the auction book, buying lots for your account until your authorized expenditure is reached. While we will do our best in your behalf, due to the speed of the auction sale and the sometimes crowded conditions, we cannot be responsible for failure to execute such a bid properly.

13. Floor Bidding. We reserve the right to refuse to allow a person to attend the live floor bidding session of the sale, and also reserve the right to eject disruptive or non-compliant bidders from the floor session, at the discretion of the auctioneer. Photography is prohibited for all attendees. Smoking within the building is prohibited for all attendees. Lot pickup for items won by bidders who bid live from the auction floor will be allowed no sooner than 24 hours after the final lot is hammered on the day that the lots were won.
